### Did you know that July is -

Sarcoma Awareness Month—This period is dedicated to raising awareness about sarcoma, a rare cancer that develops in connective tissues like bone, muscle, and fat. The primary focus of Sarcoma Awareness Month is to encourage earlier diagnosis and improve treatment options for those affected by this disease.

### WHAT DID WE DO IN JUNE?

Our Practice Support Team booked **4769 appointments** for patients.

Our clinical team took **2438 blood tests**.

The Data Quality Team received **2250 letters** for patients.

The Medicines Management Team issued **4005 prescriptions**.

**308 patients Did Not Attend**  
their appointment.

### Friends and Family Feedback:

The call handler was very polite, and he got me an appointment arranged quickly.

Very efficient and informative.

Everyone is pleasant and understanding.

Excellent service as usual, totally looked after. Could not ask for more.

Simply the best service provided when I've ever needed an appointment.

Lovely surgery, very helpful and kind and caring.
